## Verse #1:

My heart is in Virginia, the place I love to be.  
Her people and her heritage, mean so much to me.  
Walk through winding pathways, where Founders led the way.  
Rekindle visions from the past that led us here today.

## Lead-in:

Where patriots stood tall, and I stand free.  
That's how her spirit touches me.

## Refrain:

I love Virginia; Come take a walk with me.  
Stroll 'round her countryside; And walk through history.  
No place on Earth do I love more; No place I'd rather be.  
My heart is in Virginia; Virginia's home to me.

## Verse #2:

All through our country's history, Virginia played her part.  
Intrepid were her soldiers; Brave and sure their heart.  
For liberty and for freedom, their vision led them on,  
To build a better nation; a future growing strong.

## Refrain

## Verse #3

On sun-lit trails, o'er Blue Ridge hills; On graceful meadows lay,  
A ray of light, cast o'er His hand; God's love is here to stay.  
Red Cardinals sing their song to me; On dogwood- blossomed trees.  
Near pristine bays and quiet coves; The perfect place for me.
